Volunteer Requirement Letter

MILLENNIUM COMMUNITY SCHOOL

As part of the volunteer process, each individual is subject to certain requirements before an application can be approved. This information is provided under the application process in the packet.

Millennium Community School has an obligation to parents, by making sure that we provide their children with a safe environment. We understand our role, and maintaining student integrity is of great importance to us. We are committed in every way, to instill confidentiality in this process, for our students, parents and the community.

Millennium Community School has a policy standard that each employee and volunteer is eligible to work in a student environment. It is also a mandate of the State of Ohio/Ohio

Department of Education that background checks be conducted during the initial process and each year, thereafter.

In addition to the required background checks, we request that each individual complete and sign a Statement of Non-Guilty/Conviction form. Included with the Statement of Non-Guilty/

Conviction form is a list of Prohibited Offenses. We ask that you review this information very carefully before you began the application process. The Prohibited Offenses listed are under the Ohio Revised Code/ORC: 2903.

Again, any information that we request and retain is used solely to determine your eligibility to work with our students.

Finally, in order to complete the application process, each individual will be required to provide three (3) Character References.

Thank you for your interest in Millennium Community School.
